

BATTLECLADE

FIREFIGHT PLOY

SYSTEM EXORCISM

By redirecting sensory pathways, purging contaminants or unleashing feral machine spirits to consume tainted logic loops, the elite operatives of a Battleclade can exorcise many dangerous afflictions.

Use this firefight ploy when you would activate a friendly **BATTLECLADE ** operative. Remove one rules effect or stat change your opponent has applied to it (e.g. Poison token, -1APL, cannot be activated or perform actions, etc.), then activate it. This ploy cannot allow it to regain lost wounds, ignore the effects of being injured or remove mission pack rules.
