Canticle of the Glow: Whenever an enemy operative is within 3" of this operative, if it's under the effects of the Rad-Saturation rule, also subtract 1 from the Atk stat of that enemy operative's weapons.

Rad-Saturation: Whenever an enemy operative is within 2" of friendly **HUNTER CLADE**  **VANGUARD** operatives, worsen the Hit stat of that enemy operative's weapons by 1. This isn't cumulative with being injured.

Control Protocol: You can use the Command Override firefight play for OCP if the specified friendly **HUNTER CLADE**  operative is visible to this operative.
