

An operative cannot **TRANSFER POWER** or **NETWORK COUNTERACT** if it has an APL stat of less than 2 (e.g. if the stat has been changed to less than 2 by a rule). **NETWORK COUNTERACT** is a counteraction, but the operative doesn't need to be expended with an Engage order to do it.

That means if they're ready when they **NETWORK COUNTERACT**, they can still be activated as normal later in the turning point. An operative that does **NETWORK COUNTERACT** cannot do so again, or counteract, during the same turning point.
