Cut Them Down: Whenever an enemy operative performs the **Fall Back** action while within control range of this operative, you can use this rule. If you do, inflict D3+1 damage on that enemy operative before it moves. If that enemy operative is within control range of two of these operatives, inflict 2D3+2 damage instead.

Attuned In Purpose: Whenever this operative is activated, you can activate another ready friendly **BLESSED BLADE** operative within 6" of it at the same time. Complete their activations action by action in any order.
