CHRONOMETER

Krieg combat operations are performed to strict schedules. Synchronised chronometers ensure operatives adhere to the time frames laid down by command.

Once per battle **STRATEGIC GAMBIT** in the first or second turning point. Each friendly **DEATH KORPS**  operative wholly within your territory can immediately perform a free **Dash** action in an order of your choice, but each that does so must end that move closer to an opponent's drop zone or killzone edge.

You cannot use this **STRATEGIC GAMBIT** and the Regroup strategy play during the same turning point.
