

DEATH KORPS

FIREFIGHT PLOY

IN LIFE, SHAME

The Cult of Krieg demand sacrifice in the name of the Emperor, so those who are yet to give their lives must atone by achieving ever greater feats upon the battlefield.

Use this firefight ploy when a friendly **DEATH KORPS ** operative is activated and given an Engage order. It receives every **GUARDSMAN ORDER**. This takes precedence over the normal rule that operatives cannot benefit from more than one **GUARDSMAN ORDER** at once.
