**Grav-chute and Grapnel Launcher:** Whenever this operative is climbing, treat the vertical distance as 2" (regardless of how far the operative actually moves vertically). Whenever this operative is dropping, ignore the vertical distance.

**Clandestine Headtaker:** This operative can perform the **Charge** action while it has a Conceal order. Whenever this operative is fighting against an operative it wasn't visible to at the start of the activation/counteraction, the first time you strike during that sequence, you can immediately resolve another of your successes as a strike (before your opponent).
